

ROOFING BAR AND HAMMER

THE SHAPE MAKES THE DIFFERENCE

Offering up improved access and greater leverage power, the Roughneck Gorilla Roofing Bar and Hammer features a double injection moulded soft-grip handle. Manufactured from drop forged, heat treated alloy steel for exceptional strength and durability. Wide low profile jaws and a flattened striking face allows for the bar to be driven deeper underneath the work piece for more effective prying. Powder coated finish offers greater resistance to corrosion. With bevelled nail removers for prying embedded nails.

- +50% leverage power
- Striking face
- Low profile
- Wide jaw
- Nail remover
- Drop forged
- Heat treated
- Powder coated
- Size: 432mm/17"
