

V-SERIES AXE

OPTIMAL BALANCE. MINIMAL VIBRATION.

Offering increased striking power and reduced vibration, the Roughneck Gorilla V-Series axe is manufactured from drop forged, hardened and tempered steel. The unique V-Shock twin beam girder shaft acts as a damper resulting in reduced shock and vibration transmission and further controlled by an air cushioned grip. Reduced weight in the shaft transfers the centre of gravity towards the head resulting in improved balance and reduced effort. A lanyard hole in the base of the handle allows for safe and secure tethering when working at height.

- V-Shock anti vibration system
- Power-Strike optimised balance design
- 1 piece steel construction
- Nail remover
- Air cushioned grip
- Lanyard connection hole
