

STRIKING BAR

THE SHAPE MAKES THE DIFFERENCE

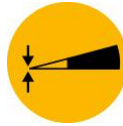

Offering up to 50% greater leverage power, the Roughneck Gorilla Striking Bar is intended for tough demolition or aligning work. Manufactured from drop forged, heat treated alloy steel for exceptional strength and durability, the I-beam profile ensures even greater toughness compared to traditional bars. Wide low profile jaws and a flattened striking face allows for the bar to be driven deeper underneath the work piece for more effective prying. Powder coated finish offers greater resistance to corrosion. With bevelled nail removers for prying embedded nails.

- +50% leverage power
- Striking face
- Low profile
- Wide jaw
- Nail remover
- Drop forged
- Heat treated
- Powder coated
- Size: 762mm/30"
