

# GROUND BREAKING BAR

FOR PRECISE BREAKING OF HARD SURFACES

The Roughneck Ground Breaking Bar is ideal for use in locations where a normal crowbar or a pick is not accurate enough. This heavy-duty drop forged and heat treated bar is made up of an inner solid crowbar with a chisel tip. A weight slides up and down the central bar and exerts blows on the target material. It is ideal for breaking up hard ground, rocks, concrete slabs, asphalt etc. For extra impact, the end stopper can be removed to allow the weight to drop from a greater height.

- Sliding handle
- Hammer and chisel action
- Drop forged
- Heat treated
- Powder coated
- Size: 1.63m/64"
- Weight: 10.3kg/23lbs
